

2005-07 MUSTANG BOSS RACING HOOD STRIPE

Dear Customer, this sheet is additional instructions and helpful information for the 2005 Mustang Boss C-Stripe: **#K104-S6 ONLY**. Please read all instructions on the yellow application instruction sheet also supplied with this kit.

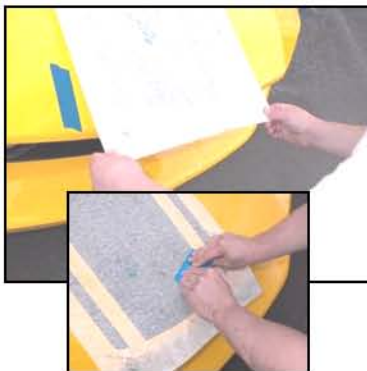

◀ The hood stripe is supplied with a diamond shaped marker at the nose. This is for the center alignment and will help to center the stripe at the nose. You will also have to measure for alignment at the windshield between the windshield jets. This decal is designed to wrap under the hood at the windshield.

Lay decal in place so you can measure for placement.
Mark placement with painters tape at windshield and at nose of vehicle.

◀ Start to squeegee half way up the hood. Squeegee so decal is completely adhered in that section.

◀ You will need to apply constant pressure pulling the stripe at the nose of the car while your partner squeegees down the stripe. After nose is completed squeegee from center up to windshield. Stripe is designed to roll over edge of hood at windshield.

CAUTION:

**WRINKLES WILL OCCURE IF NOT INSTALLED AS DIRECTED.
NO WARRANTEE FOR WRINKLES AFTER INSTALLATION.**
