

2005-2009 MUSTANG FULL HOOD PAINT STENCIL

Dear Customer, this sheet is additional instructions and helpful information for the 2005-2009 Mustang Full Hood Paint Stencil: **#K168-S6 ONLY**. Please read all instructions on the yellow application instruction sheet also supplied with this kit.

◀ Photo shows 4 piece paint stencil assembled on hood.

Paint stencils are made to apply to a paint ready surface. **DO NOT USE WETTING SOLUTIONS ON PAINT STENCILS.**

◀ Trim corners of the 'L-Shaped' sections to be installed at the nose of the hood so they can be easily aligned with the corners.

◀ Before you peel the stencil apart exposing the adhesive place the stencil face up on the vehicle and position correctly. Work on the drivers side first. The stencil is made to be spaced about 1/8" away from the edge of the hood.

1. Remove the backing only to allow application of side and corners as shown.
2. Match corners of stencil and hood at the points. Continue applying to center of hood in same fashion.

◀ Always squeegee stencil in place.

Install passenger side making sure to space evenly and match stencil at center of hood.

◀ Install the long stencil sections up to the windshield maintaining proper spacing.
