

2005-2007 MUSTANG SHAKER DUAL STRIPES FOR USE WITH CLASSIC DESIGN CONCEPTS SHAKER SYSTEM

Dear Customer, this sheet is additional instructions and helpful information for the 2005-2007 Mustang CDC Shaker System: #K196-S8 ONLY. Please read all instructions on the yellow application instruction sheet also supplied with this kit.

This stripe kit has a 1½" center space.

◀ Using painters tape mark center line of hood allowing ¼" of center line and install first stripe.

The total center space when both stripes are installed will be 1½".

◀ Start to squeegee just under the shaker cutout and squeegee to the nose on the car. A helper will have to pull the stripe in a forward direction keeping it tight so it wont wrinkle or bag up. (USE A SMALL AMOUNT OF PULL PRESURE) Complete the squeegee process by squeegeeing from the center to the windshield.

◀ Wet the top application tape and resqueegee.

◀ Notice the blue painters tape used to align and space the center.

Apply the second stripe in the same maner.
Cut out any stripe material in the shaker hole using a sharp razor blade.

DECAL KIT: #K196-S8
